

Project Summary

Save Our Children Humanitarian Project

A Seeds of Wisdom Team Project

The Save Our Children Project will consist of a worldwide network ensuring that children receive proper physical and emotional healthcare, education and vocational training, as well providing a safe and loving environment for them to live and grow, whether thru fostering or improving substandard living conditions.

This global network will consist of individuals and organized agencies dedicated to seeking out those children in need, providing them protection, care and healing for those that have been abused.
