

NON MONITARY GIFTS TO ASSIST PEOPLE IN NEED

With Dept Forgiveness around the corner there are other ways we can assist family and friends without donating large sums of money to people. Not all people are blessed when large sums of money are given to them.

SET UP A BUDGETARY TRUST – Simply create a trust that pays for the basic needs of a person for example, their electric bill, gas bill, rent, car payment. By doing this thru a trust the individual or family is guaranteed to have the basics to support their life. The people you may considered doing this for are

- People who may be disabled – by setting up a trust to pay these kinds of bills, it will not affect their disability payment, social security payment thus allowing those payments to continue and go father.
- Elderly family members
- Someone who was homeless – to provide the basics and give them safety until they can become a costumed to paying their bills and have a job.
- People with substance abuse issues who may use actual cash for their addiction, rather than the necessities.

PURCHASE A HOME FOR SOMEONE – Purchase the home for someone, and put it in the name of the trust, it secures the living conditions and yet can't be sold without the Trust knowing it. Hold the trust in your name until the situation changes where you feel you can turn it over to them.

PURCHASE A VEHICLE – Purchase the home for someone, and put it in the name of the trust, it secures the living conditions and yet can't be sold without the Trust knowing it. Hold the trust in your name until the situation changes where you feel you can turn it over to them.

PURCHASE GROCERIES – Some people may just not have enough money for food, purchasing groceries and having them delivered can be a wonderful gift.

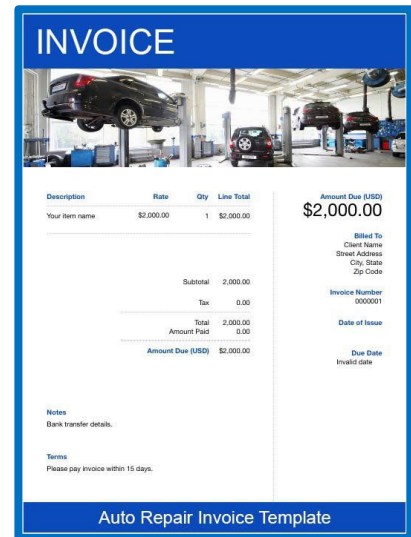

PURCHASE A GIFT CARD AT A CLOTHING STORE – For someone who needs to go to a job interview, but you don't feel comfortable handing them cash.

PROVIDE AN EDUCATIONAL TRUST – Set up fees and books to be paid directly from a trust, as well as living quarters. Again, doing a trust will not be shown as income interfering with other scholarships.

PROVIDE IMMEDIATE NEEDS FOR SOMEONE

- A Computer and printer for studies
- Paying to get a vehicle repaired
- Buy them a Plane Ticket, Bus Ticket, to visit someone or to make it home.

GO PICK UP A BUNCH OF GIFT CERTIFICATES – Simply if you know their favorite store, game store, food store, cloths store or restaurant, and get the person a variety of those.
